**ARE YOU AN IMMIGRANT HOMOSEXUAL WOMAN?
ARE YOU AN IMMIGRANT HOMOSEXUAL MAN?
ARE YOU AN IMMIGRANT TRANSSEXUAL MAN
OR WOMAN?**

If you are in Italy, even without documents, and you are afraid of being sent back to your country of origin, because you may be persecuted or condemned due to your homosexuality or transsexuality, you can present an application for international protection. It's not necessary that a law condemns homosexual relationships in your country. To obtain protection it is sufficient to demonstrate which discriminations or violence you should face if sent back to your country.

If you are in this situation or if you seek support, a welcoming environment or information on documents, rights, school, health, get in touch with one of these associations:
